Blue Communities Project

Our Pledge

- Affirm the human right to clean water both locally & globally.
- Limit the use of bottled water because water is not a commodity.
- Protect publicly owned, financed, & managed water services from being privatized.
- Uphold water as a shared commons & everyone's responsibility.
- Re-connect to our watersheds with education, gratitude, & action.

Our Action

- Celebrate & enliven the sacredness of water.
- Inspire people within & beyond our organization about the value of Blue Communities.
- Host workshops, films, & discussions about water issues.
- Advocate in solidarity with others protecting water from pollution & privatization.
- Witness how water touches our social, economic, political, & personal lives.
